

Energy policy services

Delivered by the Western Australian Department of Mines, Industry Regulation and Safety – Energy Policy WA

Energy policy services in the Indian Ocean Territories

The Western Australian Department of Mines, Industry Regulation and Safety – Energy Policy WA provides the following services on behalf of, and fully funded by, the Australian Government:

- advice on current WA energy policies and practices relating to the Territories' energy sectors.

What does this mean for me?

Energy Policy WA is able to provide advice to the Australian Government regarding WA energy policies and practices, on an as-required basis.
