## **Jervis Bay Territory Community Bulletin**

Number

**2011/11**

Date

**24 August 2011**

Topic

**Interruption to Water Supply – parts of Jervis Bay Village**

Relevance

**Residents in 52, 54, 56, 60, 62, 64 and 66 Village Road  
Booderee National Park Depot  
Wreck Bay Aboriginal Community Council Depot  
Occupants Jervis Bay Territory Administration Building**

The Jervis Bay Territory Administration's water supply maintenance contractors advise that there is a requirement to carry out repairs to part of the Jervis Bay Village water reticulation system. To carry out these repairs it is necessary to interrupt the water supply.

Considering the urgency of the repair work, and timings that would cause the least disruption to residents and businesses, it has been determined that the water supply will be interrupted on

**Saturday, 27 August 2011 between 1 pm and 4 pm**

After the water supply is restored residents may notice a milky appearance to the water and possible sputtering of taps over subsequent days. This is caused by air trapped in the mains and has no effect on water quality. The milky appearance will dissipate rapidly if water is left in an open top jug on the bench or in the fridge.

Further information can be obtained by contacting the Jervis Bay Territory Administration Office on telephone 4442 1217.
